GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 19th May 1934.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1932-33.

RESOLUTION.

PART I.

Summary.

Number and area.—The total number of municipalities in the Bombay Presidency including Sind at the close of the year under report remained the same as in the previous year, viz.: 154. Of these, thirty were borough municipalities under the Bombay Municipal Boroughs Act, 1925, as against twenty-nine in the preceding year, the Chalisgaon municipality having been raised to the status of a municipal borough during the year under report. The number of notified areas, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. A scheme for amalgamating the Andheri notified area committee with the Vile Parle municipality and constituting the area a municipality and including the Santa Cruz notified area committee within the Bandra municipal borough is under preparation.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 3,201,893, as against the estimate of 3,124,069 during the previous year. The increase occurred mainly in the Northern division where the figures of population for municipal areas of Ahmedabad, Broach and Nadiad reported in the previous year were found to be incorrect. The Ahmedabad municipality reported an increase of 68,979 in its population. During the year under report, the Poona City, Jalgaon, Savda, Belgaum, Ahmedabad and Shikarpur municipalities extended their limits.

3. *Constitution of municipalities.*—In the Northern division triennial elections were held in the year under report at Nadiad, Rander, Bulsar and Thana. The borough municipality of Nadiad, which was dissolved in 1931, was re-established with effect from the 15th November 1932. In October 1932, the Broach borough municipality was superseded for one year as it persistently made default in performance of certain obligatory duties and abused its powers.

In the Central division triennial elections were held at Erandol, Faizpur, Nandurbar, Taloda, Sindkheda, Betawad, Shahada, Malegaon, Saswad, Talegaon-Dabhade, Junnar, Sholapur, Karmala and Ghatkopar-Kirol. Bye-elections due to deaths, resignations or disqualification of members were held during the year under review at Ahmednagar, Dhulia, Nandurbar, Shirpur, Islampur and Sholapur. The Saswad municipality, which was superseded in 1928, was reconstituted during the year under report with a special constitution of 4 nominated and 5 elected councillors with the mamlatdar as ex-officio president.

In the Southern division triennial elections were held in Belgaum, Gokak, Bagalkot, Panvel and Chiplun. Bye-elections took place in Nipani, Bail-Hongal, Dharwar, Hubli, Honavar, Bhatkal, Kumta, Mahad, Panvel, Uran and Vengurla. The Bagalkot municipality which had been superseded and a committee of management appointed was re-established from the 18th May 1932.

In Sind triennial elections were held in six municipalities. The year was marked by the supersession of the Shikarpur borough municipality.

It was superseded with the board's concurrence on account of its maladministration and its inability to carry out the necessary reforms, and an administrator was appointed.

A statement giving statistics regarding the number of voters who actually exercised the franchise at the municipal elections is appended*. On the whole the voters displayed considerable interest in the elections.

4. *Attendance at municipal meetings.*—The number of meetings held was 4,173 against 4,349 in the previous year. The average percentage of the members present at the meetings declined from 62·14 in the previous year to 60·87 in the year under report. The number of adjourned meetings was particularly high during the year under report. Instances of failure of members to attend two-thirds of the total number of meetings were common.

5. *Changes in the system of taxation—house tax.*—There was no important change. The Sangamner, Mahableshwar, Panchgani and Godhra municipalities revised their rates of tax on houses.

Octroi.—The Sangamner and Wai municipalities in the Central division revised the rates of octroi levied on petrol, motor oils, motor vehicles and their accessories. The octroi schedule of the Shahdadpur municipality in Sind was revised. The Bhatkal municipality in the Southern division levied a drawback on octroi refunds.

Terminal tax.—Octroi was replaced by terminal tax by the municipalities at Ratodero and Keti Bunder in Sind and Navalgund and Nargund in the Southern division. The terminal tax schedules of the Sukkur, Larkana, Tando Adam, Haveri, Jalgaon and Nadiad municipalities were revised during the year under report.

Water rate.—The Nandurbar and Matheran municipalities revised their water rate rules.

Sanitary cess.—The Panchgani municipality revised its conservancy cess rules, while the Vengurla and Larkana municipalities revised their special sanitary cess rules, so as to make the service self-supporting. The Matheran municipality abolished the general sanitary cess on itinerant visitors using public latrines. The Nasik municipality imposed a tax on cesspools.

Conveyance tax and tolls.—The Ahmednagar, Panchgani and Larkana municipalities were permitted to levy toll tax and wheel tax on vehicles. Sholapur, Belgaum, Dohad, Godhra, Dholka and Nadiad revised their rules pertaining to wheel and toll taxes, especially on motor vehicles.

Miscellaneous taxes.—The Ahmednagar municipality revised its notice and warrant fees. The Bagalkot municipality levied tax on tea-shops and hotels.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities fell from 403 lakhs to 381 lakhs. Deducting receipts under " extraordinary and debt " the ordinary income amounted to Rs. 244½ against Rs. 229¾ lakhs in the previous year. There was an increase of about Rs. 16 lakhs under " rates and taxes " and of about Rs. 1½ lakhs under " miscellaneous ". These increases were set off by a decrease of about Rs. 1 lakh under " revenue derived from municipal property and powers apart from taxation " and of about Rs. 1½ lakhs under " grants and contributions ". The large increase under " rates and taxes " was due to better recoveries of arrears.

7. *Octroi and terminal tax receipts.*—Under this head there was an increase of about Rs. 2,47,000, which is shared by all the divisions, except Sind, where there was a decrease of Rs. 92,000, due mainly to trade depression and failure of crops. The largest portion of the increase was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of Rs. 1,98,000 under terminal tax due mainly to larger imports of piece-goods, coal and cotton in the year under report. The Central and Southern divisions also showed increases of about Rs. 47,000 and Rs. 69,000, respectively, due to increased imports of various articles.

---

* *Vide* Appendix I.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of about Rs. 94,000, the Central division alone being responsible for an increase of about Rs. 1,29,000, due mainly to the recovery of past arrears and the revision of assessment lists. The increase was shared by municipalities in almost all the districts except Ahmednagar. Sind and the Northern division showed decreases of about Rs. 30,000 and Rs. 8,000, respectively.

9. *Water rates.*—The receipts under this head showed an increase of about Rs. 7,07,000, the Ahmedabad municipality in the Northern division alone accounting for an increase of Rs. 7 lakhs due to recovery of heavy outstandings of previous years. Sind accounted for a decrease of Rs. 41,000, which was partly set off by increases elsewhere.

10. *Recovery of dues.*—Though an improvement was noticeable in the matter of collection of dues by municipalities, many municipalities showed large amounts of arrears at the close of the year. Nearly half of the arrears were on account of house tax; even allowing for the financial depression, much of the arrears are reported to be due to delay in the issue of bills, slack supervision and reluctance to adopt prompt and effective coercive measures provided by law for recovery of the dues in proper time. Government note with regret that in many cases councillors themselves figured among the defaulters, which conduct sets a bad example to other rate-payers.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year 1932-33 amounted to about Rs. 31·25 lakhs, i.e., a decrease of about Rs. 42,000 in the figures of the preceding year. The following is the survey of the situation for each division and Sind.

In the Northern division almost all the municipalities in the Ahmedabad and Kaira districts, the municipalities of Broach, Surat, Rander, Thana, Kalyan, Bassein and Bhiwandi had large amounts of arrears outstanding at the close of the year.

In the Central division the outstandings at the end of the year on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate, amounted to Rs. 11,79,733, nearly half of which were on account of house tax. The heaviest arrears, i.e., more than 50 per cent. were in the Sangamner, Yawal, Chalisgaon, Nandgaon, Manmad, Sirur, Ashta and Kurla municipalities. The arrears at Sirur were 74·6 per cent. of the total demand. The Poona City, Bandra and Vile Parle municipalities allowed their arrears to increase. The Kurla municipality however showed some progress in the recovery of arrears.

In the Southern division the arrears of taxes were specially heavy in the Athni, Bail-Hongal, Gokak, Dharwar, Bhatkal, Uran, Malvan and Vengurla municipalities.

In Sind the work of collection of taxes showed retrogression rather than improvement, the outstandings at the close of the year having risen by about Rs. 11,000 from those of the previous year. The Karachi municipality was responsible for arrears of about Rs. 3 lakhs.

11. *Revenue derived from municipal property.*—Under this head there was a decrease of Rs. 1,20,000, which was shared by the Central division and Sind. This decrease was counterbalanced partly by the increases in the Northern and Southern divisions.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes were Rs. 18,29,324, as against Rs. 19,62,740, in the previous year. The decrease occurred mainly in the Central and Southern divisions and in Sind, due to the cut applied by Government to the grants paid by them during the year under report. The Northern division showed some increase as Government restored the educational grant to the Broach municipality.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,44,55,431,

Rs. 1,81,27,700 were realised from municipal rates and taxes, compared with Rs. 1,65,38,700 in the preceding year, direct taxation yielding Rs. 1,13,55,050, or 68·71 per cent., and indirect taxation Rs. 67,72,650 or 31·29 per cent. The corresponding percentages in the previous year were 60·54 and 39·46, respectively. The average incidence of taxation per head of population increased from Rs. 5-4-8 to Rs. 5-10-7 and that of income from Rs. 7-5-8 to Rs. 7-10-2.

14. *Working of octroi and terminal tax systems.*—In the Northern division, as in the preceding year, the municipalities of Dholka, Viramgaon, Ranpur, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities imposed terminal tax. Five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander have not adopted either of these systems of taxation. Out of the gross collections of Rs. 4,70,654 from octroi during the year under report, a sum of Rs. 1,28,186 was paid out as refunds as against Rs. 1,42,058 in the previous year. Of the refunds Rs. 1,27,542 was paid by the Surat municipality.

In the Central division, the octroi system was in force in 34 municipalities, while 9 municipalities levied a terminal tax. Karad is the only municipality which continued to levy terminal tax as well as octroi. The gross octroi collections amounted to Rs. 15,74,993, the net income being Rs. 14,93,861, the percentage of refunds being 5·2 as against 5·3 in the previous year.

In the Southern division the gross receipts from octroi amounted to Rs. 6,32,668 of which Rs. 20,679 were refunded, the percentage of refunds being 3·27 as against 3·20 in the previous year. The octroi system was in force in 24 municipalities while 9 municipalities levied terminal tax.

In Sind the system of the levy of terminal tax was in force in 16 municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 3,71,99,000 as against Rs. 4,06,02,000 in the previous year. Excluding the item of "extraordinary and debt" the expenditure amounted to Rs. 2,31,68,000, as against Rs. 2,31,45,000 in the preceding year.

16. *Water supply.*—The total expenditure on water supply schemes decreased by about Rs. 1,95,000, mainly under "Capital Outlay", which was shared by Sind and the Central and Northern divisions. The decrease was due either to fewer works being carried out in the year or to the completion of works that were in progress.

17. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from water rates rose from Rs. 8,86,989 in the previous year to Rs. 15,85,937 in the year under review, due mainly to receipt of the previous year's collections. Of this, Rs. 8,04,657 were derived from the direct sale of water and Rs. 7,81,280 from the general water rate. The expenditure including interest, sinking fund instalments and depreciation charges amounted to Rs. 4,49,484 as against Rs. 4,60,600 in the preceding year. The working of the water supply installation at Surat showed a net profit of Rs. 78,691 as against Rs. 74,388 in the preceding year. The water supply accounts of Rander, Thana and Bhiwandi showed a profit, while the Kapadvanj municipality made a loss.

In the Central division the water works at Dhulia, Trimbak, Karad, Satara City and Vita yielded a profit, while those at Ahmednagar, Jalgaon, Nandurbar and Nasik were run at a loss. The Ahmednagar municipality has been directed to pay Rs. 51,000 each year in future towards the liquidation of its water works loans due to Government. None of the municipalities in the Bombay Suburban district owns an independent water supply system.

In the Southern division the water works at Bijapur, Dharwar, Hubli, Alibag, Mahad, Uran and Panvel worked at a loss. The installations at Matheran, Pen and Roha showed a profit.

18. *Drainage.*—The expenditure under this head decreased by about Rs. 83,000, which is accounted for mainly by the Central division.

19. *Conservancy.*—The expenditure under this head amounted to Rs. 31,47,000 against Rs. 32,00,000 in the previous year. As usual the expenditure represents—

(1) cost of construction of new latrines, gutters, etc.,

(2) cost of new staff employed and increments in pay to staff,

(3) purchase of motor lorries, dust bins and other requirements.

20. *Hospitals and dispensaries.*—In Government Resolution in the General Department, No. 3374, dated the 2nd October 1924, as subsequently amended, the Commissioner in Sind and the Commissioners of divisions were requested to urge upon the municipalities the advisability of increasing their expenditure on medical relief to 4 per cent. of their total expenditure in cases where it falls short of this limit. Information is not available in all cases whether this advice has been complied with.

21. *Road expenditure and appropriation of wheel tax and road tolls for the purpose.*—The expenditure incurred on roads amounted to Rs. 18,91,000 against Rs. 17,54,000 in the previous year. The Northern and Southern divisions and Sind showed increases of Rs. 97,000, Rs. 24,000 and Rs 15,000, respectively.

It is to be regretted that several municipalities still fail to observe the orders issued by Government that the proceeds from wheel tax and road tolls should be credited to a special fund for eventual expenditure on roads.

In the Northern division the municipalities of Modasa, Dholka, Dohad, Kapadvanj, Kalyan, Dhandhuka, Rander and Bhiwandi have failed to comply with the orders. The last three municipalities figured amongst the defaulters in the previous year's report also. The progress made by the Ahmedabad municipality towards the improvement of roads was praiseworthy. Asphalt treatment was given to 11 roads—22½ miles in length. The total amount spent by this municipality during the year under report towards road improvement amounted to Rs. 4,27,817.

In the Central division the receipts from wheel tax and road tolls amounted to Rs. 3,60,545, whilst the total expenditure on roads was Rs. 5,21,946. The Ahmednagar, Jalgaon, Bhusawal, Amalner, Dharangaon, Chalisgaon, Dhulia, Nasik, Poona City, Lonavla, Mahableshwar and Kurla municipalities spent much more on roads than the income derived by them from the wheel and toll taxes, while the Trimbak, Sinnar, Manmad, Baramati, Talegaon-Dabhade, Alandi, Islampur, Karad, Vita, Wai, Pandharpur and Karmala municipalities spent less than their income from these taxes. Some of the municipalities levied neither wheel tax nor toll tax and met the expenditure on roads from their general revenues.

In the Southern division, 24 municipalities spent less than their income from wheel and toll taxes. The Belgaum, Nipani, Athni, Saundatti-Yellamma, Bail-Hongal, Kumta, Sirsi, Mahad, Ratnagiri and Vengurla municipalities are reported to have kept separate accounts of the receipts and expenditure under this head. The other municipalities had merged the unspent balance in their general balances.

In Sind the Tatta, Ratodero and Umarkot municipalities failed to expend fully the income during the year from wheel tax and road tolls on the construction and maintenance of roads. The Sehwan and Tatta municipalities did not maintain a special fund for this purpose.

In Sind and in the Northern division no progress is reported to have been made by any of the municipalities in prescribing regular lines of streets as laid down in section 91-A of the Bombay District Municipal Act, 1901, and the corresponding section 118 of the Bombay Municipal Boroughs Act, 1925.

In the Central division, the Ahmednagar, Nandurbar, Igatpuri and the Sinnar municipalities and in the Southern division Bijapur, Bagalkot, Haveri, Ranebennur, Mahad and Ratnagiri municipalities prescribed regular lines for streets. The alignment of roads has been completed in respect of

main roads in Ratnagiri and widening of narrow lanes was taken up by the Haveri, Ranebennur and Bagalkot municipalities.

22. *Public Instruction.*—The total expenditure under this head amounted to Rs. 48,23,000 against Rs. 49,12,000 in the preceding year. The largest portion of the decrease occurred in the Central division, due to retrenchment effected in the pay and allowances of school teachers and to curtailed expenditure on school buildings. The Southern division also showed a decrease of Rs. 41,000. On the other hand the Northern division showed an increase of Rs. 52,000 due mainly to the payment by the Broach municipality of arrears of pay and allowances to teachers. In Sind the fluctuation is negligible.

23. *Closing balance.*—The year's working resulted in an increase of Rs. 9,35,000 in the total of closing balances. The aggregate closing balance of all the municipalities in the Presidency, including Sind, amounted to Rs. 98,70,000 against Rs. 89,35,000 in the preceding year. In Sind the actual balance excluding deposits amounted to Rs. 47,57,000, of which Rs. 35,10,000 belonged to the Karachi municipality.

24. *Audit of accounts.*—The Accountant General's Local Audit Department audited as usual the accounts of the municipalities in the Presidency including Sind. By the Bombay Local Fund Audit Act, 1930, the responsibility for ensuring the proper disposal of audit notes has been transferred to the Audit Department and as the matters arising therefrom have been brought to the notice of Government in the annual report of the Examiner, Local Fund Accounts, which is published separately, it is not necessary to discuss the position in detail in this respect. Delay in the disposal of audit notes and objection statements, non-obervance of rules and standing orders, failure to recover arrears, apathy towards further taxation and in some cases, disregard of public funds thereby giving rise to serious irregularities and embezzlements were, as usual, some of the points to which attention has been drawn by the Audit Department.

In the Northern division serious irregularities, due to negligence by their officers and servants in the discharge of their duties, and in some cases misappropriations and thefts occurred in the Dholka, Anand, Dohad, Surat, Rander and Thana municipalities. The financial condition of the municipalities of Sanand, Prantij, Dhandhuka, Ranpur, Dholka, Modasa, Dakor, Borsad, Mehmedabad, Rander, Bhiwandi and Bassein was reported to be unsatisfactory. These municipalities are accordingly advised to find ways and means in order to put their finances on a sound basis.

In the Central division cases of misappropriations and embezzlements, especially at Jalgaon, Poona City and Shirpur, were noticed during the year. The audit notes on the Kurla and Lonavla municipalities revealed that municipal affairs were mismanaged and that there was inadequate supervision over the collection of dues, especially at Lonavla, of wheel tax. The financial position of the Yawal, Savda and Shahada municipalities was reported to be unsatisfactory by the Examiner.

In the Southern division no very serious irregularities were detected. During the year under report, the financial condition of the municipalities of Bail-Hongal, Gadag-Betgeri, Navalgund, Nargund, Haliyal, Gokarn and Pen was reported to be unsound.

In Sind some frauds and embezzlements were discovered in the Karachi municipal accounts and the Examiner, Local Fund Accounts, is of the opinion that the new arrangement of account keeping does not provide sufficient safeguards against embezzlement. The Keti Bunder, Hyderabad, Hala, Tando Allahyar, Nasarpur, Tando Muhammad Khan, Matiari, Shikarpur, Garhi Yasin, Rohri, Ghotki, Larkana, Kambar, Sehwan and Jacobabad municipalities spent more than their income during the year.

25. *Grants for sanitary and town improvement schemes.*—As usual, a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, construction of good roads, hygienic school buildings with adequate playgrounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be almost universal demands.

Municipalities are alive to the needs of water supply and drainage, but most are prevented from showing any great results in this direction owing to lack of funds. Government have hitherto, so far as the state of their finances permitted, assisted municipalities towards the supply of their most urgent requirements by giving loans and grants-in-aid. The more important grants given by Government during the year are :—

Municipality.	Purpose.	Amount of grants-in-aid.
		Rs.
Central Division—		
Poona City	Drainage	99,961
Poona Suburban	Drainage	11,539
Sholapur	Development scheme	13,324
Nasik	Water supply	3,480
Nandurbar	Water supply	5,759
Southern Division—		
Belgaum	Drainage	2,508
Gadag-Betgeri	Drainage	1,506
Sind—		
Shikarpur	Drainage	24,808
Hyderabad	Water supply	6,720

Part II.

Remarks regarding more important municipalities.

26. *Ahmedabad.*—The financial position of the municipality continued to be satisfactory. The efforts of the municipality in respect of road improvement deserve commendation. The lighting of the roads, however, needs to be improved. In regard to sanitation and water supply Government consider that there is still much which remains to be done, before the condition can be regarded as wholly satisfactory. The features which demand early attention of the municipality are—

(1) increased pressure in the existing water mains,
(2) better drainage,
(3) better supervision of the conservancy staff,
(4) the widening of thoroughfares, which in some cases has become imperative.

The increase in the rate of infant mortality indicates the need of proper sanitation and housing accommodation. Government especially draw the attention of the municipality to the following remarks made by the Collector of Ahmedabad :—

> " There are still no indications that the municipal body as a whole has realised the inherent difficulties arising from the intermingling of politics and municipal administration and in consequence, on occasions, action is resorted to which is difficult to reconcile with the interests of the tax-payers.
>
> " In one instance, the municipality have deliberately sacrificed income to the tune of Rs. 7,333, which was readily available in order to give effect to their enthusiasm for the sale of locally manufactured goods.
>
> " The most unfortunate aspect of the affair was that the preference given to the individuals concerned was secured not only at the expense of the general tax-payer, but also by giving unequal treatment to fellow citizens, whose only fault appears to have been that they were vendors of foreign manufactured goods."

Surat.—Government learn with satisfaction that progress is being made in the administration of the municipality, and hope that the municipality will take steps to effect further improvement in the recovery of taxes.

Government regret to note that the relations between the School Board and the local authority are not as harmonious as they should be.

Poona City.—Government view with concern the rise in the figure of arrears of taxes which amounted to Rs. 1,65,983, and would impress on the

municipality the need of making adequate efforts to collect the arrears, resorting if necessary to the coercive processes provided by law.

The attention of the municipality is invited to the grave irregularities which have been revealed by the Examiner, Local Fund Accounts, in his report and to the necessity of instituting a thorough enquiry in the matter.

Plague broke out in Poona City in January 1933. Government note with satisfaction the efforts of the municipality and its staff to combat the epidemic but draw attention to the following remarks of the Collector :—

> " It was thought at first that the infection would not spread as it seemed to die down in March and April. But this hope was not fulfilled and the infection thereafter began to spread steadily, a feature this time being that it is not restricted to any particular area but has spread throughout the city limits. The municipality was not slow in taking preventive steps, inoculation, etc., but has been extremely slow in getting houses and areas disinfected and cleaned out."

Hyderabad.—Government regret to observe that the year's working resulted in the municipal ordinary expenditure again exceeding the income by Rs. 1·07 lakhs. In spite of repeated advice tendered to it in the past, the municipality continues to fail to meet adequately all its responsibilities and opportunities.

Another unsatisfactory feature of the report is that public health has not improved. There was a considerable increase in the death rate, especially among infants. It is essential that the municipality should avail itself of all the resources which are within its reach in order to enable it to execute the more important and urgent schemes affecting the welfare and general health of the City.

Karachi.—The record of municipal administration continued to be satisfactory. Government learn with satisfaction that good progress has been done in removing congestion by widening streets and encouraging co-operative housing societies, and are glad to know that the municipality has under consideration projects for a new water supply and drainage.

Government however view with concern the high rate of mortality, which is attributed to small-pox and measles but note with satisfaction that the municipality realise the serious nature of their responsibilities in this matter.

The increase in the figure of arrears of taxes is regrettable and it is hoped that under the provisions of the new Karachi City Municipal Act, 1933, which came into operation from the 1st November 1933, the municipality will take the necessary measures to effect recoveries of arrears of taxes.

General Remarks.

1. Government note with satisfaction that the tendency of municipalities to go outside the sphere assigned to them in the Municipal Acts was much less during the year under report and that, with a few exceptions, municipalities in the Presidency responded to the orders of Government and refrained from importing political considerations into municipal administration.

2. As was to be expected in a year of acute depression, lack of funds has prevented any striking advance in the activities of municipalities. Government, however, while appreciating that the routine administration of municipalities in general has been carried on fairly well, view with some apprehension the reports of their officers remarking in the case of various municipalities on the reluctance of municipal authorities to undertake unpopular duties such as necessary increases of taxation, on the prevalence of party spirit and personal animosities which hamper public work, and on the failure of many municipalities to recover taxes and arrears.

3. Government appreciate that at the present time it may be difficult to collect dues from the more indigent inhabitants of municipal districts, but the very large arrears of house and other taxes in many municipalities make it clear that these municipalities have not been exercising that due care in the control of public funds which is their duty. The Municipal Acts

provide legal means for collecting municipal dues and the failure of a municipality to employ these cannot be excused. Government also again note with regret that a number of municipal councillors themselves were in arrears with municipal taxes at the close of the year under report. Government most earnestly draw the attention of all municipalities to the necessity of now collecting arrears of taxation and to the prompt recovery in future of dues as they arise.

4. Government must also remind municipalities that with the drop in Provincial revenues it will not be possible to give from those revenues grants-in-aid to municipalities as freely as in the past, and that in the future municipalities will have to depend on their own resources to a greater degree than in the past. It will be necessary for municipalities to educate their constituents to bear a higher level of taxation, if the present standards of municipal amenities are to be retained.

5. The reports of the Commissioners and Collectors and of the Local Audit Department indicate that there is still much room for improvement in the quality and efficiency of the staff employed by municipalities, and Government, as last year, would again impress on municipalities the need for improvement in this respect.

6. Government note with satisfaction the commendation bestowed by local officers on the administration of certain municipalities and the good relations preserved between the majority of municipalities and the officers of Government.

7. Government place on record their appreciation of the work of the Commissioners and Collectors in aiding and guiding municipalities during the year.

By order of the Government of Bombay
(Transferred Departments),

H. F. KNIGHT,
Secretary to Government.

* The Municipality had deposited last year Rs. 1,932 with Provincial Co-operative Bank, Ltd., and hence that amount was excluded from the closing balance. It was subsequently added.

† Last year's closing balances were Rs. 4,105 and 7,471 respectively and not Rs. 4,104 and 7,472 as shown last year.

* Last year's closing balance was reported to be Rs. 11,343 but the President reports that there was a mistake and the figure now reported is the correct one.
† The President reports that the actual balance on 31st March 1932 was 3,240 and not 3,640 since the Government medical grant of Rs. 400 which was to be received in 1931-32 was paid in 1932-33 and hence the difference.
‡ The President reports that the actual balance on 31st March 1933 was Rs. 2,683.
§ The difference of Re. 1 in this figure and the total of all classes in statement No. IV is due to elimination of annas and pies.

No. II—*contd.*

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

No. III.

Bombay Presidency during the year ending 31st March 1933.
